# American Grape Vines

GROWN AND FOR SALE BY

## BUSH & SON & MEISSNER,

BUSHBERG, JEFFERSON CO., MO.

We continue to make the growing of AMERICAN GRAPEVINES OUR SPECIALTY, and in extent, quality and assortment, our stock is unsurpassed in the country.

The superior quality of our plants—grown in open air, mostly from cuttings—and our grading, sorting and packing, are well known, and will be maintained at our usual high standard, equaled by few other growers and excelled by none.

We warrant our vines *true to name* and of the quality represented, and refer to the leading Grape-growers and Nurserymen, most of whom are our customers, for the fairness of our dealings and the superior quality of our goods.

We offer the largest and best stock of vines that we ever produced, and give our friends and patrons the benefit thereof by making the **EXTREMELY LOW PRICES** quoted in this list.

We usually commence shipping in the Fall about the 15th of October. For the South we pack and ship during mild weather in Winter.

*NO CHARGE FOR PACKING*, which is done in the best manner.

*We do not substitute, unless especially authorized to do so.*

*We send out GOOD PLANTS only, and TRUE TO NAME. Every variety is carefully labeled.*

While, as a rule, the prices quoted in this list apply only as follows:

5 Vines or more, of *one variety*, at the Ten rate.  
50 " " " " " " 100 "

Thousand-rates on application.

*We will treat all large assorted orders with due liberality.*

*ORDERS AT SINGLE OR TEN RATES delivered FREE, by Mail to any part of the U. S.*

Please write your orders distinctly, giving name of Post Office, County and State, also Railroad or Express Office if it is different from your Post Office.
